Re: Opposition to Blanket Up-zoning

Dear Mayor Gondek and City Councillors,

The proposal to blanket up-zone the entire city is a significant change to current planning policies and patterns of development. Density can benefit the city and communities if it is well planned. However, blanket up-zoning creates density without regard for community context.

Housing choice already exists in Calgary. What is missing is deeply affordable non-market housing options. Blanket up-zoning will not supply this.

We respectfully request the creation of evidence-based policies tailored to address Calgary's specific needs and challenges that are co-designed with Calgarians.

We, the undersigned communities urge you to vote against blanket up-zoning at the public hearing scheduled for April 22, 2024.

Sincerely,

Phillip Lounsbury
